## AI-Supervisor / App Developer (W/M/D)

### SOFA 1

We're building ASSET1 – and making it better every day.

We don't just write code – we're building ASSET1, a platform that helps companies manage their equipment, storage, and events without chaos, Excel madness, or time-consuming searches.

Our goal? Well-designed processes that simply work. We continuously improve ASSET1, optimize existing features, and create new ones that actually matter.

Even Red Bull relies on our smart solutions – and you can be part of building them

### WE GO AGAINST THE TREND!

- We work together as a team and directly with our customers on-site (38.5 h/week)
- Teamwork over solo work – knowledge sharing & growing together
- Innovative software solutions for exciting clients and industries
- Cutting-edge technologies – and you'll be in control of them!

#joinsofa1

### DEIN DAILY BUSINESS

### AI SUPERVISION INSTEAD OF PURE CODING

Join us in developing ASSET1 – our leading platform for event and warehouse logistics.

You'll use AI-supported coding tools to handle routine tasks.

Your role: guide the AI, refine the output, and build creative solutions.

Your tools: Xamarin, .NET MAUI & C# – and AI as your co-developer.

Planning, documentation, and quality assurance – all supported by smart algorithms.

### DEINE SKILLS

- ☐ Interest in AI-supported software development
- ☐ Experience with Xamarin / .NET MAUI
- ☐ Analytical thinking: know how to steer and supervise AI effectively
- ☐ Initiative and team collaboration to achieve the best outcomes
- ☐ High standards of quality and customer focus

### WIR BIETEN DIR

- ☐☐ Competitive salary starting at EUR 3,300 gross/month (depending on qualifications)
- ☐☐ Company e-car or e-bike – for all top performers!
- ☐☐ State-of-the-art tech tools & AI support for more efficient work
- ☐☐☐☐ Overtime only in exceptional cases

☐☐ You're not just developing software – you're shaping the future.

**Ready to jump in? Apply now!**
