# Al-Supervisor / App Developer (W/M/D)

#### SOFA 1

We're building ASSET1 - and making it better every day.

We don't just write code – we're building ASSET1, a platform that helps companies manage their equipment, storage, and events without chaos, Excel madness, or time-consuming searches.

Our goal? Well-designed processes that simply work. We continuously improve ASSET1, optimize existing features, and create new ones that actually matter. Even Red Bull relies on our smart solutions – and you can be part of building them

#### ME GO AGAINST THE TREND!

- We work together as a team and directly with our customers on-site (38.5 h/week)
- Teamwork over solo work knowledge sharing & growing together
- Innovative software solutions for exciting clients and industries
- Cutting-edge technologies and you'll be in control of them!

#### #joinsofa1

#### **DEIN DAILY BUSINESS**

#### AI SUPERVISION INSTEAD OF PURE CODING

Join us in developing ASSET1 - our leading platform for event and warehouse logistics.

You'll use Al-supported coding tools to handle routine tasks.

Your role: guide the AI, refine the output, and build creative solutions.

Your tools: Xamarin, .NET MAUI & C# - and AI as your co-developer.

Planning, documentation, and quality assurance - all supported by smart algorithms.

## **DEINE SKILLS**

- [?] Interest in Al-supported software development
- ? Experience with Xamarin / .NET MAUI
- ? Analytical thinking: know how to steer and supervise AI effectively
- [?] Initiative and team collaboration to achieve the best outcomes
- ? High standards of quality and customer focus

#### **WIR BIETEN DIR**

[2]? Competitive salary starting at EUR 3,300 gross/month (depending on qualifications)

[?][?] Company e-car or e-bike – for all top performers!

? State-of-the-art tech tools & Al support for more efficient work

????? Overtime only in exceptional cases

?!? You're not just developing software – you're shaping the future.

Ready to jump in? Apply now!
